FROM SWITZERLAND TO THE WORLD

Safran Vectronix is a global leader in state-of-the-art [optronic equipment for military](#), systems and sensors for military and civil applications. Over 90 years of Swiss tradition and excellence in optics and precision engineering are reflected in our products – [handheld laser rangefinders](#) and night vision devices, [tripod-mounted orientation](#) and positioning systems and [sensor modules for our OEM](#) partners. Users benefit from accurate, reliable, high quality products with a very low failure rate. We address specific customer requirements, create custom solutions and provide support over the complete product life cycle.

Headquartered in Heerbrugg, Switzerland, Safran Vectronix AG is a wholly owned subsidiary of Safran Electronics & Defense and has one subsidiary with two branches in the US. Customers in over 90 countries look to Safran Vectronix for Swiss quality, precision, and reliability. Through our extensive distribution network, we export over 99 % of our products worldwide.

Safran Vectronix is an established leader in the development and manufacturing of [integrated handheld, mounted, module](#), and [precision systems](#) for observation, detection, [geo-positioning](#), and targeting. Our core competencies lie in electro-optics, [laser rangefinding](#), and [north finding technologies](#), software development and system integration. Safran Vectronix supports the requirements of defense and law enforcement as well as industrial and commercial markets.
