The customer Magazine Diagram 177 is online.

Pasta, innovations, and partnerships

Bühler is celebrating its 115th Pasta anniversary – reason enough to set the focus on this delicious food in our customer magazine. In addition, we are presenting various innovations contributing to our goal of supplying humankind with sufficient amounts of wholesome food. We can only get closer to our target by joining forces, which is why we are continuously building new partnerships – we invite you to read about some of them in this issue.
