Outsourced Manufacturing (services/outsourced-manufacturing)

With just 10 employees, Marwa Tools AG currently produces and markets its internally developed and globally recognised precision tools, and fulfils custom orders for mechanical machining and scale labelling in the high precision sector.

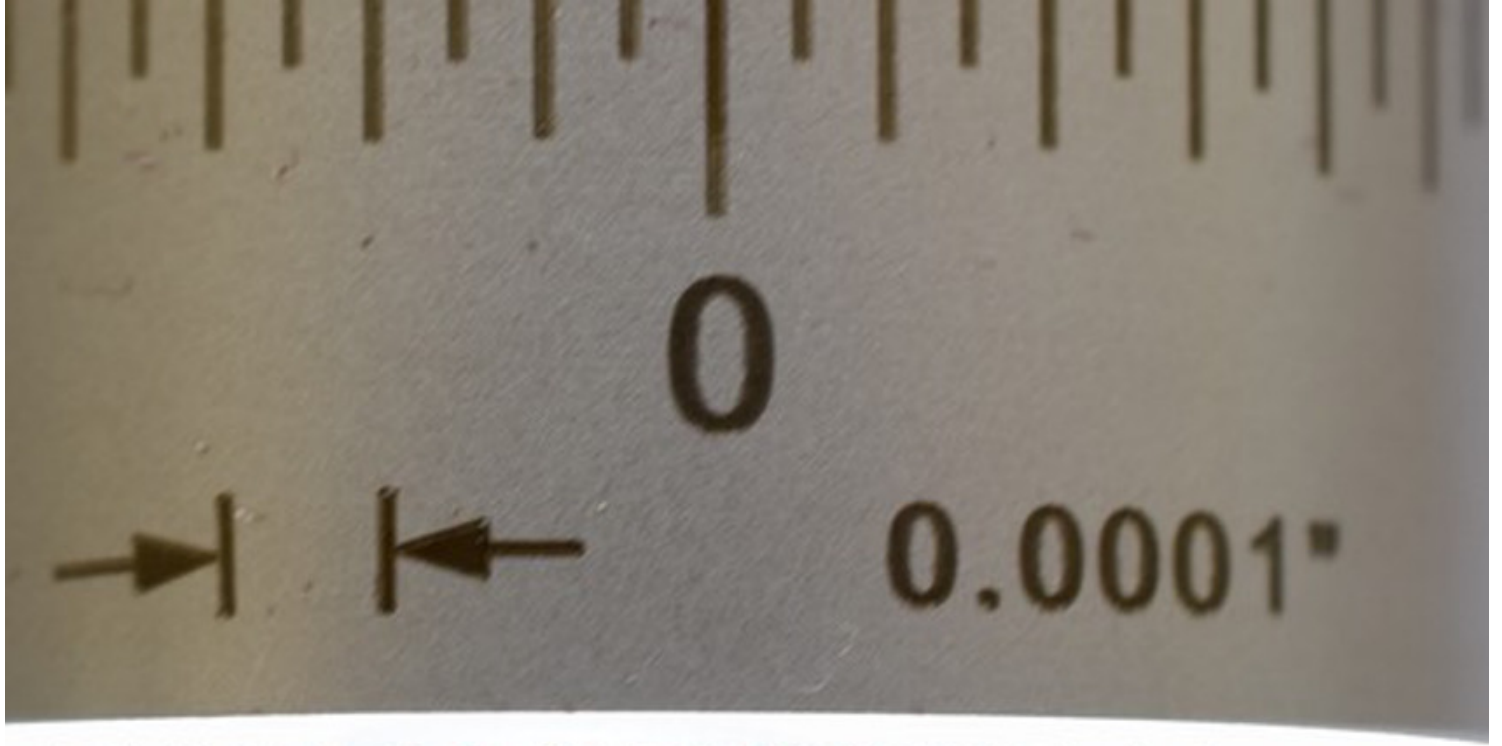

(products/overview)

more + (products/overview)

Marwa-Products (products/overview)

Our proven innovative tools such zentrox, countersinks with exchangeable cutters.

(services/laser-marking)

[more + \(services/laser-marking\)](#)

Laser Marking (services/laser-marking)

Our laser marking machine is equipped with XY coordinate tables and rotary axes. This enables individual and automatic labeling of single pieces to large series on each material.

[\(services/electroplating\)](#)

[more + \(services/electroplating\)](#)

Electroplating [\(services/electroplating\)](#)

Perfect surfaces. Our integrated electroplating ensures the perfect finish. The primary processes are hard matt chrome-plating

Since now more than 65 years we convince our customers with our know-how and innovative products. Precision, flexibility, quality and reliability are the foundations on which we build.
