

Food

FrymaKoruma is an experienced specialist in machines and systems for the production of liquid to semi-solid food — from the rough grinding of fruit and vegetables, the emulsification of sauces to the production of mustard or mayonnaise.

More ([ww-en/applications/food/](http://www-en/applications/food/))

Cosmetics

We are specialists in the development of liquid and semi-solid cosmetics, from the finest grinding of dye particles to the homogenization of creams and lotions.

More ([ww-en/applications/cosmetics/](http://www-en/applications/cosmetics/))

Pharmaceuticals

From the dispersion of powders in liquids to the production of medical gels and ointments, we have the knowledge and experience to meet the high demands made of pharmaceutical products.

More ([ww-en/applications/pharmaceuticals/](http://www-en/applications/pharmaceuticals/))

Chemicals

We offer tailored production of pharmaceutical products, from intermediate or final products to consistently high quality.

We are here everywhere

Our machines, systems and services are available worldwide and we are responsible for your success.

No barbecue sauces and no...
