RENK-MAAG develops and produces turbo gearboxes to meet the most exacting demands.

Original MAAG technology and a production facility based in [Winterthur](#), Switzerland, are key features that distinguish RENK-MAAG from other high-performance gearbox manufacturers. RENK-MAAG is the first and only port of call for new [turbo gearboxes](#), [synchronous clutch](#) and [toothed couplings](#), and for [spare parts](#) for MAAG turbo gearboxes and MAAG marine gearboxes!

We operate across the globe and thus also in your locality thanks to our [network of agents](#) and ultra-mobile [service team](#).
