DISCOVER SAAB

ANOTHER GREAT MILESTONE

At 10:32 on Thursday June 15, Gripen E took off on its maiden flight, flown by a Saab test pilot. The aircraft (designation 39-8) left from Saab's airfield in Linköping, Sweden and flew over the eastern parts of Östergötland for 40 minutes.

YOU ARE NOT ALONE

To ensure success, air force operations rely on an intricate web of support activities. One is the ability to perform aircraft maintenance wherever necessary, thereby ensuring that the system issued to deployed task forces is ready for operational use.

TRANSFORMING THE BUSINESS

The Swedish Air Navigation Service Provider (LFV) and Saab were the first in the world to put remote air traffic control towers into operation. After ten years' development work this innovative system now enters the UK, where a demo suite will be installed at the Swanwick Control Centre.

KEEPING SOCIETY SAFE

OUR THINKING PROTECTS YOUR WAY OF LIFE

Sometimes we can take the simple things in life, like our Monday morning routine, for granted. However, a boring Monday morning could mean everything is as it should be. We create technology that anticipates and responds - to keep things that way.

OUR AIM REMAINS CONSTANT

In today's complex and turbulent world, Saab's thinking edge is behind the innovative products and solutions, which are helping to safeguard people and society.
