# Welcome to Graf

## Superior Performance

Graf has become the worldwide leading supplier through its high-quality products. Since 1917, Graf has been manufacturing innovative metallic card clothings, flexible flat clothings and stationary flats for cards. Benchmarks have also been set by the high quality combs, service machines and accessories. Graf is a global partner for competent technical advice and maintenance on-site or in their own Service Stations. With its worldwide network of sales organisations and representatives, Graf is able to guarantee an efficient customer care.

**Graf products are in regular use in the following industrial sectors:** short staple spinning, nonwoven production, long staple.
