Yarn quality control for winding

- Off-color
- Polypropylene
- Foreign matter

[more](#)

## COMPANY

Loepfe has established itself in the field of optical yarn clearers with pioneering achievements.

Today, Loepfe is considered world-wide as the specialist for integral quality control systems. Fifty percent of the world-wide staple fiber yarn production is monitored by Loepfe yarn clearers.

[MORE](#)

## Innovation at top level

From Switzerland, Loepfe Brothers Ltd. with its optical yarn clearers has revolutionized quality control in the textile industry. Today, Loepfe is the world-wide leading manufacturer and solution partner for electronic online quality assurance systems. Textile machine manufacturers, as well as spinning mills and weaving mills around the globe, use Loepfe technology from Switzerland. They know what to expect: Innovation at top level, quality made in Switzerland.
