With this introduction, we welcome you to our website and encourage you to explore our SWISS SPINNING SOLUTIONS

Founded by Hans Stahlecker in Altstaetten, Switzerland, in 1973, ROTORCRAFT has been family-owned since. Today, ROTORCRAFT is a leading provider of innovative, high quality spinning components.

In today's environment, this means ROTORCRAFT's main focus of all our products is on three issues:

Power saving in a world power becomes more and more expensive and scarce

Simplicity of operation in an industry dealing with staff shortage and high labour cost

Seamless service to optimise and safeguard of our customers' operations

Discover the scenic area of the upper Rhin valley - home of Rotorcraft AG - with its picturesque landscape.
