*LOOMDATA*

WELCOME

ZETA DATATEC GmbH is the manufacturer of the product **LOOMDATA®** - the standard system for the industrial production.

LOOMDATA covers all functions from **ERP** over **merchandise management** and **quality control** up to **data collection**.

The **application area** ranges from endless and piece goods production to filling and packing of goods in the fields of:

- **Textile**
- **Paper**
- **Metal**
- **Plastics**
- **Food**
- **Pharma**
- **Cosmetics**

Having installed more than 550 systems in 50 different countries around the world, our over 35 years of experience in providing powerful monitoring and planning solutions for the textile industry has given us the ability to produce the most stable and reliable system in the world today.

Here you can see some of our customers. Move the mouse over the logos to learn more about locations and period of usage of **LOOMDATA** . One click will lead you to our customers' websites.
